Experience

WordPress Developer, IronFX

Jan 2022 – Present // Remote work

- Created and optimized plugins and widgets using PHP and React.
- Introduced @wordpress/env and @wordpress/scripts, boosting productivity.
- Implemented scalable components for better maintainability and usability.
- Reduced setup time from days to hours and customized solutions for various websites.
- Ensured comprehensive documentation for smooth onboarding and knowledge transfer.
- Facilitated developer-designer communication and promoted high coding standards.
- Integrated WordPress with various external APIs.
- Provided accurate task estimations, ensuring efficient project planning and execution.

October CMS Developer, Freelance

Apr 2021 – Dec 2021 // Paphos, Cyprus

- Developed demo business websites using October CMS as the core platform.
- Created a personal portfolio website showcasing my professional skills.
- Published themes and plugins on the October CMS Marketplace.
- Improved my skills and understanding of vanilla JavaScript, React and Firebase.

October CMS Developer, Webmors

Aug 2019 – Apr 2021 // Remote work

- Developed custom themes and plugins for October CMS.
- Designed and prototyped websites in Figma and Adobe XD.
- Mentored graphic designers in web design principles.
- Resolved website-related issues and managed design change requests.

WordPress Developer, Enigma Global

Jun 2018 – Jul 2019 // Paphos, Cyprus

- Customized WordPress child themes to meet specific needs.
- Enhanced websites with CSS modifications and JavaScript functionality.
- Provided maintenance and support for WordPress and Joomla sites.
- Gathered and interpreted requirements from clients and designers.
- Prepared training manuals for users.
